

Call for Contributions

**2nd Focus Meeting on July 1st, 2021 via MS Teams
hosted by Henkel AG & Co. KGaA, Düsseldorf, Germany**

“Materials & Processes for Automotive and other High Performance Displays”

Dear DFF members and Display friends,

two weeks ago we had our second summit meeting 2021 dedicated to High Quality Displays for professional Applications and Measurement. Within 3 hours the latest and hot topics were presented and then discussed with about 70 participants. A great global networking event in which we also shared the detailed activity of our three working groups.

Now we plan for the 2nd Focus Meeting on July 1st, 2021. It will be hosted by Henkel AG & Co. KGaA, conducted via MS Teams and is dedicated to “Materials & Processes for Automotive and other High Performance Displays”

I’ d like to encourage you to contribute with a presentation to share your thoughts and the actual state of R&D with us. Lively discussions and mutual understanding of knowledge and opportunities are the attractive rewards. Share your knowledge and find new partners.

Please send an abstract of your presentation (12 minutes for your talk and 3 minutes for Q&A) to hartmut.heske@displayforum.de latest by June 4th, 2021

I’ m looking forward to your proposals.

Hartmut Heske
