**1st Summit Meeting 2026 on June 30th and July 1st
hosted by AGC Glass Europe S.A. in Charleroi, Belgium**

“Cutting Edge Expertise in Material and other Display related Technologies“

It is now time to prepare for our next Summit Meeting.

We are planning the 1st Summit Meeting for June 30th and July 1st, 2026.
Our host will be AGC Glass Europe S.A., and the meeting will take place in their AGC Technovation Centre in Charleroi (Belgium), about 60 km south of Brussels.

We want to look into “Cutting Edge Expertise in Material and other Display related Technologies”.

How do we shape the future in terms of performance and sustainability? Which are the technologies of choice, where are we today and what are the latest developments?

We are curious to learn about your latest advancements and future ideas. Share your knowledge and find new partners.

Please send an abstract of your presentation (17 minutes for your talk and 3 minutes for Q&A) to hartmut.heske@displayforum.de and a copy to tina.boehm@displayforum.de by April 24th, 2026.

I'm looking forward to your proposals!

Hartmut Heske
